About GREAT Theatre

Great River Educational Arts Theatre (GREAT), is a non-profit community theatre that enriches lives by bringing people together to build lasting connections through theatrical storytelling that challenges, educates, entertains, and inspires. Through dynamic on-stage programming that consists of producing 8-10 full-scale shows featuring local talent, multiple production collaborations, and innovative off-stage educational outreach throughout Central Minnesota, we invite people to be part of the story to build a more vibrant community, celebrate differences, and create a sense of belonging for everyone. By reaching more than 60,000 people each year, GREAT brings our community together through the transformative power of the arts.

GREAT is committed to attracting and retaining employees with varying identities and backgrounds. We aspire to create a team that represents the diversity of our community while creating a space that encourages and embraces inclusiveness, equal opportunity, and respect. Additionally, we are committed to anti-racism through ongoing and consistent action, moving with urgency while identifying both immediate and long-term strategic actions, both as individuals and collectively as an organization.

About GREAT Theatre's Residency Program

GREAT Theatre's Residency Program is designed for fifth graders to participate in a capstone project as part of their school day and learning curriculum in their final year of elementary school. Following the show-in-a-week model, GREAT teaching artists work with students Monday-Thursday leading theatre exercises, auditions, and rehearsals. Through this activity they are learning the art of theatre as well as life skills such as collaboration and leadership while building empathy and confidence. During the school day on Friday, students perform their show on-site for their classmates, families and greater community. Since this program takes place at school it eliminates the barriers for students to participate. The residency program is distinctive and deepens the arts learning experience for students in that it not only provides the opportunity for every fifth grade student in the school to be part of a collaborative production but also builds community and support for the arts.
