JOE:

Take it from an old man, —

Time's just sand slip-ping past,

We want to hold it in our hands —

But no one ev-er sees what falls through the cracks.

(JOE)

Take it from an old — man, —

My mis - takes — have made — me

19

And I am — what I — am

And though I don't be - lieve — in

22

sil - ver lin - ings — I be - lieve there's some - thing in you —

(JOE)

Some-thing good is trying to break through —

You might have to fight the good fight

28

And when you think you can't —

You can, —

Take it from an old man.
