

## **ALICE IN WONDERLAND:**

**Please prepare a monologue from the show below to perform for your audition.** Practice with volume, articulation and facial expressions. The director may have you perform the monologue multiple times in different ways. Be prepared to have fun!

Alice: Well, this is just a pretty pink fine “how do you do?” I need to find the Queen of Hearts, and I can’t very well do that on an empty stomach. I mean how would it look if I met the Queen of Hearts and I start to curtsy, as all ladies should when they meet a Queen... and BAM! I fell over at her feet, dead faint from hunger!?!

Cheshire Cat: There once was a cat, who possessed a great smile, and he talked to a little girl for a while. For a bit of fun, he made fun of her bum, which he did with finesse, grace and style.

Queen: No. NO...NO! NO! NO! NO! NOT MY TARTS! MY LOVELY, PRECIOUS TARTS! My...sweet...tarts...that girl did it! I know it. Where is she? Where did she disappear to? OFF WITH HER HEAD! OFF WITH HER HEAD!

Dormouse: I was gonna be a star! Limousines, parties and premieres! But, no! It was not meant to be. After all, who wants a dormouse, when you can have Mickey Mouse?
